

Direct Boot Camp 2.0: Scalability and Interoperability

August 13-14, 2013

Hyatt Regency Crystal City
2799 Jefferson Davis Hwy
Arlington, Virginia 22202
(703) 418-1234

Draft Agenda

Meeting Purpose: This boot camp will build on ONC's 2012 Direct Scalable Trust Forum with a clear focus on helping Direct implementers and supporters accelerate the scalability and interoperability of their implementations to support meaningful use stage 2.

Meeting Participants: All organizations implementing or working to enable the Direct Project specifications are encouraged to attend, including State HIE grantees, Beacon communities, EHR vendors, HIE/HISP vendors, Certificate Authorities, Registration Authorities, Federal Agencies, and any other participants in the broader Direct Project community.

Pre-meeting Materials: The Direct Boot Camp 2.0 will not cover the basics of Direct (i.e., 101 level material). If you plan to attend the boot camp and are not already familiar with the following resources, please take some time to review them prior to the meeting.

- [Direct Scalable Trust Forum Report](#)
- [ONC's Direct Implementation Guidelines to Assure Security and Interoperability](#)
- [2011 Direct Boot Camp Basics](#)
